06.07.08 River Rafting & Wind Tunnel.Serbia (RS)

13.14.15 River Rafting & Wind Tunnel.United Kingdom (UK)

* can be changed.

**The abruzzo (Italy) will make us to know when they have built treatment plants for sewage, cleaned groundwater from pesticides used for agriculture, drained the at least 1000 ecological bombs created by the same, when it will be possible to bathe in the sea, rivers or lakes without worries, when they have learned the education and the respect of legality, learned languages and controlled immigration or learned to sweat a salary.For the ignorance will take much more time for our programs having learned that "STRONG AND KIND" is just a simple claim.The experience with the city police of ortona (chieti, abruzzo, Italy), the ASL of chieti and ortona, the police/Carabinieri of ortona (chieti,Italy), pescara / station (pescara,Italy) , francavilla al mare (chieti,Italy), the State Police anti-crime section of chieti, was drab and simply unnecessary and forgettable.
